STUDENT & PARENT HANDBOOK

SECTION I: CHRISTIAN AND EDUCATIONAL PHILOSOPHY

Mission Statement

BELONG - BELIEVE - ACHIEVE

In community, NCS pursues Christ-centered educational excellence that equips students to live Biblically, act responsibly, work cooperatively, communicate effectively and achieve success in who God has called them to be.

Core Values

- Nanaimo Christian School is a **Christian community** – everything that we do and teach is rooted in the Christian faith and founded upon God and His Word. We desire to partner with families in the education and spiritual growth of our students.
- Nanaimo Christian School is a **community of grace** – we go beyond just rules and consequences in order to reach the hearts of our students and inspire Christ-like transformation.
- Nanaimo Christian School is **responsive** – we recognize the uniqueness of each student and strive to exceed expectations and provide a positive school experience for all.
- Nanaimo Christian School is a **safe haven** – we commit to provide an environment where students are protected both physically and emotionally, and provide a loving atmosphere where they can safely grow into the person God has called them to be.
- Nanaimo Christian School is **forward-thinking** – we value innovation and strive to discover the best practices for student learning.
- Nanaimo Christian School is **intentional** – we lead, serve, and teach with great passion because we are confident in what God has called us to do. We work to cultivate that same passion in every one of our students.

Philosophy of Christian Education

The basis of the Society for Christian Education in Nanaimo is the infallible Word of God. The Society is committed to the following educational principles:

1. The instruction and education of children in the school, as well as in the home, must be in accordance with the Word of God.

2. Although the church and the state have their own peculiar interests in the school, the school is not an institution dependent on or belonging to the church or the state, but it depends on and proceeds from the home.
3. Throughout the entire course of the child's education, the fundamental unity of the school and the home must be maintained through regular parental contacts.
4. The child's training must be of a high standard to equip them to be all God wants them to be as caretakers and reconcilers.

We are involved in a challenging task--instructing, modelling, facilitating, enabling, directing, and nurturing God's children so that they may be equipped to face their Kingdom responsibilities. We could list many objectives. We know that without God's Spirit to guide us we could not even begin to do our work.

Statement of Principles

As teachers at a Christian school, we must share the following general commitments to our God and to the community within which we work.

OUR COMMITMENT TO GOD

We believe in the triune God--Father, Son and Holy Spirit-- and confess that this faith must find expression in all our thoughts and actions. We dedicate our work to the glory of God, to the pursuit of scholarship, recognizing that true knowledge can only be found in Jesus Christ.

OUR COMMITMENT TO THE STUDENTS

We regard every student as sacred before God who calls every one of them to obey His law, and out of concern for their development as citizens of His Kingdom we dedicate our efforts toward a wholesome growth of their God-given potentials.

More specifically:

- a) In God's grace we will endeavor to deal justly and impartially with all students, and to make responsible judgments concerning their academic, physical, emotional, and other characteristics as required in our school.
- b) We promise to teach and to discipline each student in such a way that his own experiences become meaningful to him and that he develops a sensitivity to others' reactions.
- c) We promise to seek improvements in the classroom program in order to render it more conducive to the wholesome development of every student, according to the curriculum plan of our school.

OUR COMMITMENT TO THE PARENTS

We acknowledge the God-given authority of the parents concerning the students' education, and consider it a privilege to teach the students according to a plan of learning whose religious direction is determined and mutually accepted by the parents and by the teachers. We promise to establish a relationship of mutual confidence with the parents.

Specifically:

- a) We promise to cooperate with the parents in the best interest of the students and to be discreet with information about the students and about their parents.
- b) We will endeavor to give the parents a fair appraisal of their children's progress at school.

SECTION II: HIGH SCHOOL INFORMATION

High School Staff

Teachers

Mr. Garrett Beisel
Mrs. Pearlanne Beisel
Mr. Brian De Schiffart
Mrs. Hayley Dueck
Mr. Paul Henderson
Mr. Josh Patience
Mrs. Breanne Quist
Mr. Jon Roper
Mr. Alex Tanaka
Mr. Alex Toews
Ms. Josefin Johansson

Specialist Teachers

Mrs. Kathy Cooper (Librarian)
Mrs. Jadine Golbeck (Math Specialist)
Mrs. Rhonda Libbus (Student Support and International Coordinator)
Mrs. Kelsey Nudd (French specialist)
Mr. Josh Patience (Guidance Counsellor)
Mrs. Breanne Quist (Athletic Director)
Miss Bev Scholman (French specialist)

Administration

Mr. James Sijpbeer (Head Principal)
Mr. Jon Roper (High School Principal)
Mrs. Hayley Dueck (High School Assistant Principal, Dir. of Student Support)

High School Program Statement

Nanaimo Christian High School is a community where students and staff work together to create learning experiences that are challenging, flexible and relevant. We provide Christ-centered learning that responds to student culture, needs and interests. Choice is important. Gifts are developed. Our students will have impact.

The FlexED Model

Over the last number of years NCS high school has re-designed their approach to education that allows for more student choice and flexibility. There are a greater number of learning opportunities through blended learning that includes the use of online technology, online courses, independent directed studies, with in class guidance from teachers. Students can make choices in many aspects of their learning that can have more relevancy and personalization.

In our FlexEd model, there is more emphasis on student directed learning and less on direct teacher instruction. There is less structured class time and more studio time where students have opportunity to explore, research, ask questions, collaborate, and create, all the while learning competency skills such as critical thinking, communication with more opportunities to create. Studio time allows students to choose what they are working on and how they are meeting the required learning outcomes. Teachers are still there to provide accountability.

Our FlexEd model also has a greater emphasis on an inquiry based approach. This approach can help increase student engagement through more choice, relevancy and deeper understanding. This approach gives the learner more opportunities to explore areas of interest in a way that is more meaningful to them.

Technology Integration

At NCS High School, our students are part of a Bring Your Own Device program (BYOD). NCS decided to create a BYOD program in grades 6-12 as a response to the world in which our students live and to provide relevant and engaging learning experiences. Today's students are digital natives, who live in a multimedia world. They are constantly connecting and collaborating with others, both near and far, and learn best through trial and error. This generation does not learn in the same ways as those before them, and they have a wealth of information at their fingertips. The province of BC recognizes this and has committed to an educational program that is "learning empowered by technology." The province is taking steps to make sure that learners, educators, and families have improved access to digital resources and that they are being used in the classroom.

Research tells us that students understand and retain more of what they learn when they are in a state of "active" learning, rather than "passive" learning. Students need to be talking, sharing, collaborating, inventing, and practicing - not just watching and listening. In response, we believe that increased use of technology will increase active learning in the classrooms. Devices will not just be used to replace handwriting with word processing. Technology will be used for projects, research, presentations, collaboration, as textbooks and binders, to submit assignments and receive feedback. Student devices are learning tools that open the possibilities for multi-faceted and rich learning that extends beyond the classroom. Teachers will determine when the use of a device is appropriate and necessary in the classroom. Students will be responsible for their own device and responsible to make sure their device is charged and ready to use each day.

TEMPORARY COVID SECTION

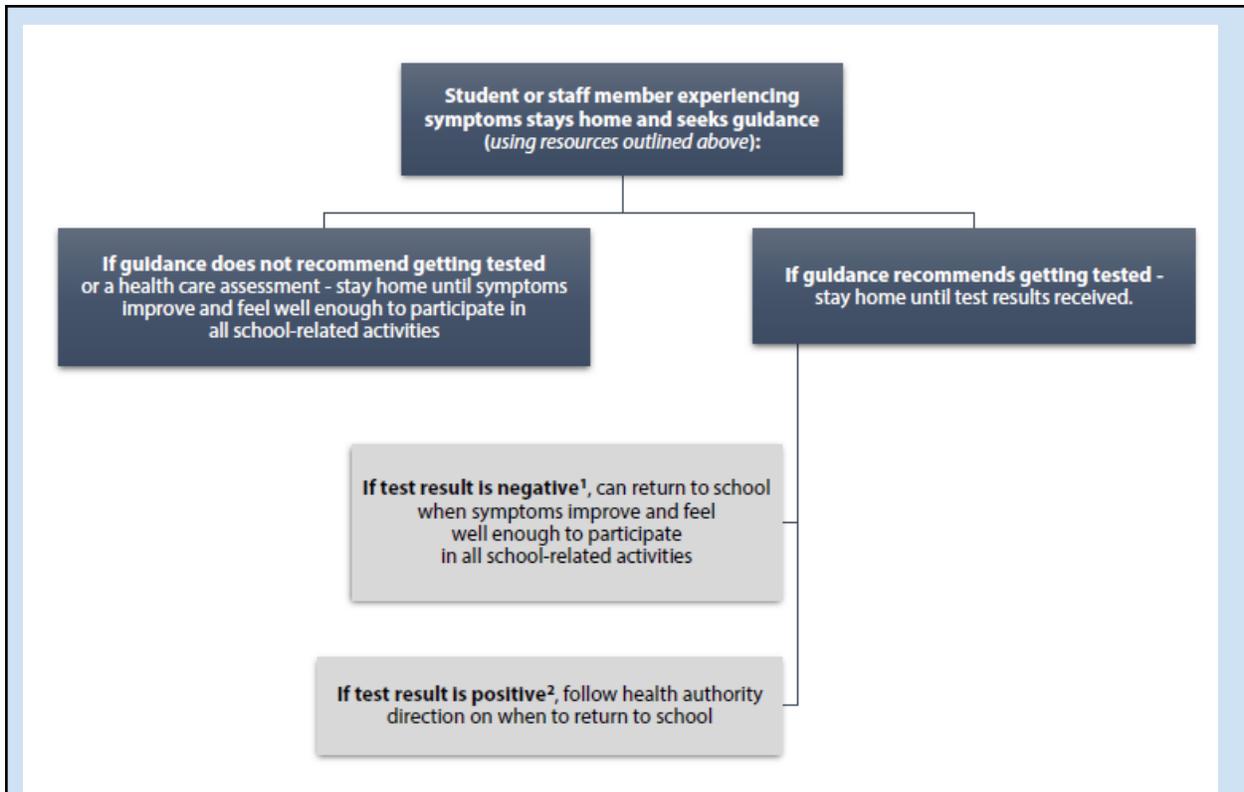

A. Daily Health Assessment

All staff, students and visitors must complete a daily health check before coming to school.

- Staff - complete the Google form before starting work each day
- Students - complete a health check before coming to school
- Visitors - complete a health check and indicate that it has been completed on the sign in form.

B. Symptoms, Testing and Return to School

When a student, staff or other adult can return to school depends on the type of symptoms they experienced and if a COVID-19 test is recommended. See the [K-12 Health Check app](#) and BCCDC "When to get tested for COVID-19" resources for specific guidance. Staff, students and parents/caregivers can also use the BCCDC [online Self-Assessment Tool](#), or call 8-1-1 or their health care provider.

1. Symptoms of common respiratory illnesses can persist for a week or more. Re-testing is not needed unless the person develops a new illness.
2. Public health will contact everyone with a positive test.

C. Mask Usage

All **K-12 staff** are required to wear a mask or a face shield (in which case a mask should be worn in addition to the face shield) indoors in schools and on school buses.

All students in Grades 3 to 12 are required to wear a mask or a face shield (in which case a non-medical mask should be worn in addition to the face shield) indoors in schools and on school buses.

Students in Grades K to 2 are encouraged to wear a mask indoors in schools and on school buses, but are not required to do so - mask wearing remains a personal or family/caregiver choice for these students, and their choices must be respected.

All **visitors** must wear a non-medical mask when they are inside the school.

Exceptions:

- a person who cannot tolerate wearing a mask for health or behavioural reasons;
- a person who is unable to put on or remove a mask without the assistance of another person;
- if the mask is removed temporarily for the purposes of identifying the person wearing it;

- if the mask is removed temporarily to engage in an educational activity that cannot be performed while wearing a mask (e.g. playing a wind instrument, engaging in high-intensity physical activity, etc.);
- if a person is eating or drinking;
- if a person is behind a barrier; or
- while providing a service to a person with a disability or diverse ability (including but not limited to a hearing impairment) where visual cues, facial expressions and/or lip reading/movements is important.

D. Vaccines

Vaccines are the most effective way to reduce the risk of COVID-19 in schools and communities. The vaccines used in B.C. remain highly effective against COVID-19, including among variants of concern. Vaccinated people aged 12 and older tend to have milder illness if they get infected and are also less likely to spread COVID-19 than unvaccinated people 12 and older.

Nanaimo Christian School supports public health and strongly encourages all eligible students and staff to be fully vaccinated (i.e., receive 2 doses) against COVID-19 to protect themselves and those around them including those who are not eligible to be vaccinated.

People over 12 who are not vaccinated are at higher risk of getting and spreading COVID-19, with age the greatest factor of individual risk of severe illness. Most COVID-19 cases, hospitalizations, and deaths are now among unvaccinated adults.

E. Hand Hygiene

When Student Should Perform Hand Hygiene:	When Staff Should Perform Hand Hygiene:
<ul style="list-style-type: none"> ▪ When they arrive at school. ▪ Before and after any breaks (e.g., recess, lunch). ▪ Before and after eating and drinking (excluding drinks kept at a student's desk or locker). ▪ Before and after using an indoor learning space used by multiple classes with shared equipment. ▪ After using the toilet. ▪ After sneezing or coughing into hands. ▪ Whenever hands are visibly dirty. 	<ul style="list-style-type: none"> ▪ When they arrive at school. ▪ Before and after any breaks (e.g. recess, lunch). ▪ Before and after eating and drinking. ▪ Before and after handling food or assisting students with eating. ▪ Before and after giving medication to a student or self. ▪ After using the toilet. ▪ After contact with body fluids (i.e., runny noses, spit, vomit, blood). ▪ After cleaning tasks. ▪ After removing gloves. ▪ After handling garbage. ▪ Whenever hands are visibly dirty.

F. Physical Distancing and Space Arrangements

Although public health no longer recommends learning groups and physical distancing of 2M we will continue to implement and encourage strategies to help create space between people and to support students and staff in returning to school using a trauma-informed approach:

- Reminders about respecting others personal space.
- Use available space to spread people out, both in learning environments and for gatherings and events, where possible.
- Implement strategies that prevent crowding at pick-up and drop-off times.
- Stagger recess/snack, lunch and class transition times to provide a greater amount of space for everyone.
- Take students outside more often, where and when possible.

G. School Gatherings and Events

School gatherings and events (including inter-school events) can occur in line with those permitted as per relevant local, regional, provincial and federal public health recommendations and Orders.

- Current as of August 30
 - Gatherings that essential to the educational program can occur as normal
 - All school gatherings can occur at 50% occupancy of the designated space.
 - The NCS gym has a capacity of 1200, or 800 for seated/tabled event.
- Other considerations:
 - respecting student and staff comfort levels regarding personal space;
 - using space available to spread people out as much as possible, respecting room occupancy limits, and ensuring enough space is available to prevent involuntarily physical contact between attendees (i.e. overcrowding); and
 - gradual transitions to larger gatherings (e.g. school-wide assemblies), including starting with virtual or smaller in-person options, shorter in-person sessions, etc.

H. Personal Items

Staff and students can continue to bring personal items to school

No items that come into contact with the mouth can be shared (e.g. food, drinks, unwashed utensils, cigarettes, vaping devices, wind instruments).

Students can continue to use their lockers or cubbies, as it is better for personal items to be stored in a locker than to be stored in classrooms or carried throughout the school.

I. Bus Guidelines

We are able to continue the use of the NCS bus following the guidelines below:

The bus will be cleaned and disinfected at least once per day

Bus drivers are required to wear a non-medical mask

Students in Grades 3 to 12 are required to wear non-medical masks or face coverings when they are on the bus. Students in Grades K to 3 are encouraged to wear a non-medical mask or face covering on school buses but are not required to do so.

Students should clean their hands before and after taking the bus.

Passengers will be spread out if empty seats are available.

The windows will be open when the weather permits.

J. Cleaning, Disinfecting and Frequently Touched Surfaces

Cleaning and Disinfecting

The following frequency guidelines will be implemented for cleaning and disinfecting:

- General cleaning of the premises, and cleaning and disinfecting of frequently touched surfaces, at least once in a 24-hour period.
- Clean and disinfect any surface that is visibly dirty.
- Empty garbage containers daily.

Frequently-touched items like toys or manipulatives that may not be able to be cleaned often (e.g. fabrics) or at all (e.g. sand, foam, playdough, etc.) can be used, if hand hygiene is practiced before and after use.

There is no evidence that the COVID-19 virus is transmitted via textbooks, paper or other paper-based products. Laminated or glossy paper-based prrs (e.g. DVDs) can be contaminated if handled by a person with COVID-19; however, the risk is low. There is no need for these items to be cleaned and disinfected or quarantined for any period of time, or for hand hygiene to be practiced before or after use.

K. Visitors

Parents and visitors are welcome, but encouraged to make an appointment.

All visitors and staff who are not typically onsite must sign in/out:

- A daily health check must be completed prior to entering the school.
- A visitor's lanyard must be worn

All visitors must wear a non-medical mask when they are inside the school.

Where possible, visitor access will be limited to those areas required for the purpose of the visit (e.g. school office for drop-off/pick-up of items, gymnasium for a sports event, etc.)

Parents/caregivers will be required to drop-off/pick-up students outside of the school, unless invited or required to do so by NCS staff.

L. Ventilation

At this time, there is no evidence that a building's ventilation system, in good working condition, would contribute to the spread of the virus. Good indoor air ventilation alone cannot protect people from exposure to COVID-19; however, it may reduce risk when used in addition to other preventive measures.

NCS will:

- Ensure that filters will be a minimum MERV 13 filter or higher
- Move activities outdoors when possible (for example, lunch, classes, physical activity) and encourage moving classrooms outside when space and weather permit
- Increase air exchanges by adjusting the HVAC system
- where possible, keep windows open, if weather permits and HVAC system function will not be negatively impacted
- Use portable air conditioners and fans in unventilated spaces WITH doors and windows open.

M. Curriculum, Programs and Activities

FIELD TRIPS

For school field trips, NCS will ensure that volunteers providing supervision are trained in and strictly adhere to required health and safety guidelines.

Field trips will align with relevant local, regional, provincial and federal public health recommendations and Orders, including for international travel.

Overnight trips are allowed following the guidance for overnight camps from BCCDC and the BC Camps Association when planning overnight trips that include group accommodation.

FOOD / CULINARY PROGRAMS

Schools can continue to include food preparation as part of learning programs for students. The following guidelines should be applied:

MUSIC PROGRAMS

K-12 staff and students in Grades 3 to 12 must wear masks when indoors and a barrier is not present. Masks can be temporarily removed while engaging in an educational activity that cannot be performed while wearing a mask (e.g. playing a wind instrument), but must be worn while singing.

Shared equipment will be cleaned and disinfected as per Cleaning and Disinfecting guidelines and students will be encouraged to practice proper hand hygiene before and after music equipment use.

Equipment that touches the mouth (e.g. instrument mouth pieces) will not be shared unless cleaned and disinfected in between uses.

PHYSICAL AND HEALTH EDUCATION (PHE)/OUTDOOR PROGRAMS

Students and staff will be spread out within available space, and outdoor activities and programs will be encouraged, as much as possible.

K-12 staff and students in Grades 3 to 12 are required to wear masks during PHE/outdoor program classes when they are indoors and a barrier is not present.

Students are not required to wear masks during high-intensity physical activities (e.g. stationary bike, weightlifting, basketball, soccer); mask use during these activities is left to personal choice.

For low intensity activities (e.g. yoga, walking), students are required to wear masks when they are indoors and a barrier is not present.

Shared equipment can be used, provided it is cleaned and disinfected as per the guidelines in the Cleaning and Disinfecting section of this document.

Students will be required to practice proper hand hygiene before and after using frequently touched pieces of equipment (e.g. before and after a sports game using a shared ball), as well as proper respiratory etiquette.

Equipment that touches the mouth (e.g. water bottles) will not be shared unless cleaned and disinfected in between uses.

PLAYGROUNDS

There is no current evidence of COVID-19 transmission in playground environments. Playgrounds are a safe environment. The following measures should be taken when using playgrounds:

Ensure appropriate hand hygiene practices before and after outdoor play

Attempt to minimize unintentional physical contact between students

Sand and water can be used for play if children wash their hands before and after play. COVID-19 does not survive well on surfaces, other than hard surfaces. There is no evidence showing that the virus survives on sand, in water or on playdough.

SCHOOL LIBRARIES / LEARNING COMMONS

Laminated or glossy paper-based products (e.g. books, magazines, worksheets, etc.) and items with plastic covers (e.g. DVDs) are low risk items. Regular book browsing and circulation processes can occur as normal. There is no need to clean, disinfect or quarantine these items for any period of time.

SCHOOL SPORTS

Intra- and inter-school programs, activities (e.g. intramurals, sports team practices, games), sports academies and events can continue in alignment with the following guidance:

- Requirements of relevant local, regional and provincial public health recommendations and Orders for community gatherings and events.
- Masks are worn by K-12 staff, other adults and students in grades 3 to 12 when they are indoors and a barrier is not present.
- Students are not required to wear masks during high-intensity sport activities⁷ (e.g. stationary bike, weightlifting, basketball, soccer); mask use during these activities is left to 8 Staff are encouraged to move high-intensity sport activities outdoors whenever possible.
- For low intensity sport activities (e.g. stretching, golf), students are required to wear masks when they are indoors and a barrier is not present.
- Use all available space to spread students and staff out as much as possible.
- Shared equipment can be used, provided it is cleaned and disinfected as per the guidelines in the Cleaning and Disinfecting section of this document.
- Students should be encouraged to practice proper hand hygiene before and after using frequently touched pieces of equipment (e.g. before and after a sports game using a shared ball), as well as proper respiratory etiquette.
- Equipment that touches the mouth (e.g. water bottles) should not be shared unless cleaned and disinfected in between uses.
- Sport activities should be held outside whenever possible.

Spectators for school sports will be required to sign in and complete a daily health check. See the Visitor Access section for more information on protocols for spectators.

See the Return to School Sports Plan from BC School Sports for additional information.

THEATRE, FILM, AND DANCE PROGRAMS

K-12 staff are required to wear masks during these programs when they are indoors, and a barrier is not present.

Students in Grades 3 to 12 are required to wear masks during these programs when they are indoors and a barrier is not present, except during high-intensity physical activity.

Shared equipment such as set pieces, props, cameras etc. should be cleaned and disinfected as per cleaning and disinfecting guidelines in this document and students should be encouraged to practice proper hand hygiene before and after using frequently touched pieces of equipment.

Extracurricular Activities

Intra- and inter-school extracurricular activities and special interest clubs can occur in alignment with the guidelines in this document.

SECTION III: STUDENT GUIDELINES

Within an atmosphere of love and belonging, NCS, as a Christian community of learners, encourages all students to understand and live out relationships, informed by God’s word, to His honour and glory. We acknowledge the diversity within our community and the uniqueness with which God has created each of us. In love and obedience, we embrace the breadth of being the ‘new creation in Christ’, and this is reflected in how we treat each other.

We promote and encourage attitudes and behaviours that reflect the NCS mission statement.

A Day in the Life of NCS

Getting Ready

For much of your life you will be required to dress appropriately for your place of work. This is true for school as well. Although we understand that clothing choices are a way in which many of us express our tastes, attitudes and individuality, it is important to respect those around us and keep the objective of education in front of us. Not all casual clothing is suitable for school; therefore these guidelines will help you determine what is appropriate to wear on school days: clothing that typically works well for sleep, the beach, dance clubs, exercise sessions, and sporting events may not be suitable, appropriate or comfortable in a school environment.

Student Dress Code

Getting Ready

For much of your life you will be required to dress appropriately for your place of work. This is true for school as well. Although we understand that clothing choices are a way in which many of us express our tastes, attitudes and individuality, it is important to keep the objective of education in front of us. Not all clothing is suitable for school; therefore these guidelines will help you determine what is appropriate to wear on school days; for example, clothing that typically works well for sleep, the beach, dance clubs, exercise sessions, and sporting events may not be suitable, appropriate or comfortable in a school environment.

To ensure effective and equitable enforcement of this dress code, school staff shall enforce the dress code consistently and in a manner that does not reinforce or increase marginalization or oppression of any group.

Our dress code is designed to accomplish several goals:

- Allow students to dress comfortably for school and engage in the educational environment and experiences
- Allow students to wear clothing that expresses their personality
- Maintain a safe learning environment in all classes, including those where protective or supportive clothing is needed, such as chemistry/biology (eye or body protection), dance (bare feet, tights/leotards), or PE (athletic attire/shoes)

Student Dress Code

In general, students are expected to dress in a manner that creates a safe and inclusive community for all, does not interfere with the health or safety of any student, and does not contribute to a hostile or intimidating learning environment.

- Students are required to wear:
 - a shirt that covers the entire torso (no strapless, backless, or midriff baring shirts)
 - Pants or the equivalent (a skirt, a dress, or shorts)
 - Shoes
- Students Cannot Wear:
 - Images or language depicting/suggesting drugs, vaping, violence, hate speech, profanity, nudity, or any illegal activity
 - Any clothing that reveals visible undergarments
 - Swimsuits (exceptions may be made for certain out-trips and activities)
 - Pyjamas (unless on designated day)
 - Accessories that could be considered dangerous or could be used as a weapon
 - Shorts, skirts, or dresses that are shorter than mid-thigh. Any rips in pants, shorts or jeans should not be higher than mid-thigh.
 - A hat or hoodie that obscures the eyes, ears, and face. Hats are expected to be removed during chapel, prayer, as well as in certain classes at the discretion of the teacher

These expectations apply to regular school hours (including lunch) and school functions (school trips, dances, etc.). Exceptions may be made for athletic activities or certain out-trips. If it is unclear if a student's dress meets the general expectations, an Assistant Principal or the Principal will have the final say. **Students who do not meet dress code will be asked to change. If an appropriate change of clothing is not available they will be required to call home and wait in the office until picked up or a change of clothes is provided.**

Getting Here

Driving a vehicle to and parking at school is a privilege, not a right. Please observe the following safety guidelines.

- Obey all posted signs and do not park in the upper lot
- The speed limit on Jingle Pot Road and Holland Road is 30 KM/hr
- Lock all vehicles and bikes.

Failure to use your vehicle in a responsible way will result in losing the privilege of parking on school property. The school will not be responsible for damage or theft.

Start Time/Timetable

Classes start each day at 8:30, please be on time.

Within the FlexEd model student schedules can all be different as their learning plans can all be very different. Individual schedules will be handed out to the students and they are available at the office at any time.

Chapel time, for all staff and students, is set aside weekly on Tuesdays from 8:30- 9:30.

Running a little late?

Being on time is an important life skill; however, we recognize that there will be times when students are late. If you arrive late, report to the main office to sign in and pick up a late slip. Excessive lates will be dealt with by administration.

Have to leave early?

Students leaving during school hours must sign out at the school office. Early departure should be supported by a note or phone call from a parent or guardian. It is in the student's best interest to contact the teachers of the classes they will miss and confirm details of any assignments missed.

Not coming at all?

Regular attendance is important for successful school life. Students are expected to attend school except when sick or, occasionally, due to unavoidable causes. If you can't make it to school, please observe the following:

- A parent or guardian should contact the school before 9:00 AM.
- As soon as reasonable, students should speak to their teachers about missed work.
- Ordinarily, students who are absent from school should not participate in any extra-curricular activities.

Breaks in your day?

In your schedule you will have flexible learning blocks, called Studio Time, these are not spares. Learning is a process that never stops and there is always more you can do, experience or be involved in. However, when you do find a time that may be a break in your day, then do something that does not create a distraction for other students.

When can I use my cell phone?

NCS's one-to-one device policy provides students with all the technology they need, *without* the use of their cell phones at school. Students must keep their cell phones in their lockers and turned off during the school day, unless they have been granted special permission from a teacher to use it as a learning tool (ex. filming). Using a cell phone as a calculator will not be seen as an acceptable use of a cell phone. Students may use their cell phone during lunch, so long as it is used appropriately.

Students using the cell phone to make phone calls, send text messages, access social media, or any other function not designated as a learning tool by a teacher granting permission may have their cell phone confiscated. Parents will be required to pick up the cell phone from the school office.

Illegal Activities

Behaviors which are illegal or unsafe are never permitted on campus. Any behavior which violates the law will be addressed in consultation with any appropriate law enforcement personnel. Any behavior which threatens someone's safety will be grounds for potential suspension or expulsion. Smoking, fighting, gambling, alcoholic beverages, and the use of narcotics and tobacco are not permitted on campus or at school functions.

Respectful Speech

Cursing, swearing, or using language that is sexual creates a disrespectful atmosphere where people do not care for their neighbors enough to use pleasant language. For this reason, this language is not acceptable in the NCS community.

In and Around School

Students are to refrain from:

- Marking or damaging school property (Students are expected to pay for damaged property)
- Bringing items that may cause injury (matches, knives, etc)
- Public displays of affection
- Making excessive noise or disruptions throughout the hallways, especially during class times
- Tampering with fire extinguishers, thermostats, or lights

- Touching or removing materials in or on the teacher's desk or another student's desk without permission

Library

- There is not to be any eating or drinking in the library
- A schedule will be provided as to when students can access the library.
- Should a book be late, students will be given written and verbal reminders to return the book. Lost books will be charged and students will be asked to pay the replacement fee.
- Students who repeatedly lose or damage books may have their library privileges revoked.
- If there is a scheduled class in the library, other students may only enter with permission of the teacher/librarian and ONLY on the understanding that they are quiet (failure to do so will result in their being asked to leave immediately).
- Reference books and materials should not be taken out of the library.

Gymnasium

- Students are not to play in the gym unless under the direction and supervision of a teacher.
- Equipment rooms are out of bounds to students unless they are under the direction and supervision of a teacher.
- Eating is not allowed in the gym unless supervised.
- Good audience/spectator behavior is expected during assemblies, performances or sports events. Cheering is appropriate at sports events; negative expressions, booing, whistling, stamping feet, etc. are not appropriate.
- Students must wear clean, indoor shoes with non-marking soles. **NO OUTDOOR SHOES**

Acceptable Use of Technology

Nanaimo Christian School's information technology resources, including email and internet access, are provided for educational and administrative purposes. Our use of technology is designed to increase the feeling of collaboration and global community. Use of devices or programs that disrupt or take away from our middle school community will not be permitted. Each year, students will receive an Acceptable Use Policy to take home, read, and return, signed, to their home room teacher.

The following guidelines will be applied to High School technology use:

General Guidelines:

- Devices are not permitted before or after school, unsupervised, in hallways and/or classrooms.
- Devices should be opened with teacher instructions.
- Devices need to be charged and ready to use. Those without a device will be considered "unprepared for class" and will be expected to use paper.
- Device privileges can be revoked. In this case, students would complete the required work on paper. Parents will be informed if a device is "revoked" and the reasons why.
- Texting or messaging shouldn't happen throughout the day, even to parents. If students need to communicate home, they are expected to ask.

Music & YouTube:

- Listening to music while working is a privilege and needs permission.
- No ear buds during discussions/instructions.
- No streaming of music - music must be downloaded to the computer.
- No YouTube video streaming by students will be allowed. Occasionally, specific links may be provided by a teacher for educational purposes.
- If rules aren't followed or privilege is abused, it will be revoked.

Gaming:

- No gaming will be allowed on school property, unless it has been assigned for a specific class.
- Occasionally, specific sites and/or games may be assigned for learning purposes.
- Students working on special projects may request specific permission to work on a “game” for educational purposes.

What else should I know?

- Do Not damage school property
- Do not bring items that may cause injury (matches, knives, sticks, etc).
- Keep the noise down in the hallways
- Smoking is an unhealthy and expensive habit, do not do this at school, or anywhere. This includes vaporizers and e-cigarettes.
- Supervision is needed in the gym and don't go into the equipment room without permission
- Good audience/spectator behavior is expected during assemblies, performances or sports events. Cheering is appropriate at sports events; negative expressions, booing, whistling, stamping feet, etc. are not appropriate.
- If you lose something, don't assume first that it has been stolen. Look around and check the lost and found at the end of the hallway.

Collection Notice

NCS is subject to personal information privacy laws and will undertake the collection of this information in compliance with the requirements of such laws, including by limiting collection to information that is relevant and necessary to address a risk or threat and by ensuring that information is collected from publicly available open source social media sites. NCS will not collect information as part of a threat assessment unless there is a reason to believe that a risk exists. Information collected as part of a threat assessment may be provided to law enforcement authorities in appropriate circumstances.

SECTION IV: STUDIES AT NCS

Textbooks

The school will provide textbooks for some of your classes. Write your name on the inside cover of the textbook. Students must remember that they are responsible for all textbooks issued to them. Students are expected to return books in a similar condition to which they were received. Students will be charged for lost or damaged books.

Technology

NCS is a Google Apps for Education Environment which means that a personal device is required for your studies. All students are given a username and password and will be required to sign an Acceptable Use Policy which describes the expectations for using the technology the school provides (ie. WiFi, Google) and expectations on using your device responsibly at school.

Students' accounts are monitored periodically and it is important to keep your password safe.

If a student makes inappropriate use of school technology, appropriate loss of privileges or disciplinary measures will be taken.

Free WiFi is available to students throughout most of the school. The password will be provided for you.

Some students listen to music as a way of helping them to focus, which we think is a good idea, most of the time. Streaming music using YouTube videos is a bad idea, it slows down the internet for everyone else at school.

MyBlueprint

Grades 9-12 will use myBlueprint to actively learn about their interests, skills, passions, and feelings, and document what they discover about themselves in pictures, videos, and journals. This program was created to help students with career/life planning, supporting overall student success and learning.

MyBlueprint includes five comprehensive Who Am I assessments to help students discover their learning and personality styles, interests, desired knowledge, and motivation factors. Job specific compatibility surveys unlock powerful occupation matches based on real-world tasks to better inform student self-discovery. The high school course planner allows students to visually plan towards province-specific graduation requirements while instantly discovering their eligibility for every post-secondary pathway in Canada. Students will be able to search, filter, and compare local, province-specific information on apprenticeships, programs, and occupations to ensure students make better decisions and are more prepared for the future.

MyBlueprint keeps track of important experiences, activities, achievements, skills, and more resume and cover letter builders. Classroom, core competency, or career portfolios (to name a few) help convey student learning with documents, images, videos, and more. Students can then easily share an interactive portfolio link with others. MyBlueprint also guides students in their understanding of basic money management and improves financial literacy with actionable budgets, learn how to set and track towards SMART goals, and discover what local employers are looking for with job search tools that provide local, up-to-date listings tied directly to your occupations of interest.

Library

The library houses extensive resources in fiction and non-fiction materials. Through educational agreements, the library also provides access to searchable databases to support student research. Students can access the school library through the NCS website or by visiting during the posted hours. Students who misplace or damage books are expected to cover the cost of replacement or repair.

Course Change Procedure

Student timetables are created based upon their course selections. Course changes may be possible through the Student Program Coordinator (Mr. Patience) or Assistant Principal (Mrs. Dueck) during the first week of semester one and the first week of semester two.

After that, students wishing to make changes to their schedules must meet with the Student Program Coordinator to review the student's Credit Summary Sheet and pick up a Course Change form. The student must obtain signatures from their parents and teachers. Once this has been completed, the student must submit the form to the Student Program Coordinator for processing.

Homework

Homework is a sampling of schoolwork that reinforces concepts taught and allows students the opportunity to practice for mastery. Homework also provides teachers with a tool to evaluate the level of student learning as well as gives the teacher a way to determine group and individual performance so that re-teaching can be done before testing time. It is not for teaching new concepts, nor introducing information that has not been covered in class previously.

Academic Integrity

Academic integrity means that students are expected to maintain integrity in their studies. This means presenting their own work for assessment with appropriate citations when referencing the work of others.

Academic dishonesty includes:

- Copying another student's work;
- Bringing unauthorized material into the testing environment;

- Copying and pasting from web sources;
- All other forms of plagiarism which is presenting any other's work as your own.

Students should consult with their teachers regarding appropriate referencing when completing research assignments. In the event of academic dishonesty the following actions will be taken:

- The work or an equivalent assignment must be completed honestly within a timeframe determined by the teacher and administration;
- The student will be referred to the administration for discipline and parents will be contacted.

Assessment and Progress Reports

Leading research on best practice in education demonstrates that providing frequent feedback on how students are meeting the learning outcomes of the grade level is more effective than report cards with letter grades, percentages and brief comments. One of the areas in which we seek to make improvements is to track student progress through subject-specific learning outcomes, rather than letter grades. This gives students the opportunity to show growth throughout the year without being penalized through the averaging of letter grades. We would rather give students the opportunity to show evidence of their learning at the end of the year, and this be the basis of their final letter grade.

We believe there is more value in placing greater emphasis on parent-teacher discussion, rather than written comments. The partnership between parents and teachers is most alive through discussion and allows the opportunity for interaction between the home and school. This gives parents the chance to ask for clarification and to have valuable input in their child's learning.

The following guidelines for course assessment has been established in response to;

1. Current research on and best practice in assessment recognizing that student work should be evaluated on its ability to demonstrate understanding and the deflation of grades due to student characteristics (ie. Late work) should not be a factor.
2. Students need and want consistency in honoring work done well and on time and accountability for work that is not completed to expectations.
3. The need for grace to continue to be offered to students when the circumstances of life become stumbling blocks in meeting the expectations at school.
4. Assessment of Learning
 - Through varied assessments, formative and summative, teachers will provide feedback and grade student work. This grade will only reflect the student's demonstration of learning the Learning Outcomes.
5. Five opportunities to receive feedback on a child is meeting the prescribed grade-level learning outcomes and personal work habits
 - October - Interim Report (focus on basic skills and assessment of learner skills)
 - November (focus on subject specific skills and assessment of learner skills)
 - February - Semester 1 Final report card (focus on subject specific skills and assessment of learner skills)
 - March- Interim Report (focus on basic skills and assessment of learner skills for semestered courses grades 10 to 12)
 - April (focus on subject specific skills and assessment of learner skills)
 - June - Semester 2 Final report card (focus on subject specific skills and assessment of learner skills)
6. Two opportunities for in-depth parent-teacher conferences (November & April)

Passing a Course

Advancement to the next subject level is based on successful completion of the preceding level. If necessary, students who fail a subject are expected to remove the failure by:

- completing an extra project or additional work (where deemed appropriate by the teacher)
- completing course requirements
- repeating the course

Students must complete a failed course before they can be placed in the next higher course.

Graduation Requirements

In order to meet graduation requirements and be awarded a British Columbia Certificate of Graduation (Dogwood), students must earn a minimum of 80 credits. NCS requires Bible courses as part of graduating from NCS. Therefore the NCS graduation requirement is 92 credits which includes Bible. The graduation program requirements are covered extensively in the mandatory Career Education 10 course. The school counsellor will prepare graduation credit summary sheets in consultation with students.

Awards

The awards listed below may be given at the discretion of the secondary administration and staff. As appropriate, other awards may be given.

- **Principal's Award** - This award will be given annually to a team/group that best represents the spirit of NCS.
- **Board Leadership Award** - This award is a new award and \$2500 will be given annually to 2 graduating students who are going into post-secondary studies (or 3 students @ \$2000 each). Recipients of this award will have shown exemplary leadership throughout their time at NCS. Leadership is shown in many forms and could include service, action, encouraging others, spiritual leadership, relationship and community building, or physical leadership within their peer group, in high school, the whole school or the greater community.
- **Individual Subject Awards** - Subject awards may be given to Grade 12 students who have distinguished themselves by outstanding achievement, attitude and enthusiasm. These awards are not necessarily given annually.
- **Valedictorian** - Students and staff vote from a slate of candidates drawn from students who fit the following criteria:
 - Must be a good representative of the graduating class demonstrating spiritual, personal and academic leadership abilities.
 - Must have been at NCS since at least Grade 11.
- **Governor General's Bronze Medallion** - This award is given to the student who achieves the highest overall average. The average includes all grades 11 and 12 courses as listed on the student's transcript issued by the Ministry of Education. There is no differentiation between academic and vocational types of courses.
- **Citizenship Award** - Consistently seeks to improve the overall atmosphere of the school by: demonstrating a servant leader's heart, building up fellow students in all grades, has shown academic growth throughout their time at NCS, shows respect for all staff and students of the school.
- **International Award** - This award goes to an International student in their first two years at NCS who has demonstrated a commitment to speaking English, integrating in the NCS community and getting involved in extracurricular activities through the school.
- **Resilience Award** - This award is granted to a student in Grade 12 who has experienced a significant challenge and yet has persevered and continued to develop and grow. Life is full of challenges, and individuals who are able to continue to develop and learn exemplify what it means to be truly human.

- **Athletic Awards** (in addition to individual team awards which may be given: These awards are given to students for demonstrating a high level of athletic ability, coachability and leadership in individual or team sports. Multi-sport athletes are more likely to receive the award.
 - Junior Boys Athlete of the Year (Grade 9/10)
 - Junior Girls Athlete of the Year (Grade 9/10)
 - Senior Boys Athlete of the Year (Grade 11/12)
 - Senior Girls Athlete of the Year (Grade 11/12)

SECTION V: RELATIONSHIPS AT NCS

One of the great things about being part of a school community is the opportunity to form relationships with peers and staff. Living in community means considering the needs and feelings of those around you.

Relationships with Staff Members

A good learning environment will exist best in an atmosphere of mutual cooperation and respect between staff and students. Staff will work towards a discipline system that is consistent, shows love and concern for students and is firm, yet fair.

Relationships with Other Students

Discretion, as well as sensitivity to others, is the order of the day when it comes to expressing fondness between students. Excessive public displays of affection are out of place at school.

NCS students are expected to show respect towards one another and refrain from harassing behaviours. Harassment can range from mild to severe and is usually about power, control and domination. While we don't always like each other, we have a responsibility to treat each other with courtesy and respect. Consequently, any attempt to berate, mock, aggravate or otherwise harass others verbally, physically or sexually, is a very serious offence, with consequences ranging from detentions to possible suspensions/expulsions. Additionally, the school may contact and involve police as necessary.

Harassment includes:

- physical and verbal aggression/teasing
- intentional social alienation of other students, eg, shunning
- intimidation
- cyber bullying using phones, social media, texting, etc.
- making sexual advances
- engaging in improper physical contact
- making inappropriate comments

Procedure for dealing with harassment

Students are encouraged to report any conduct that makes them feel uncomfortable, is bothersome, and is contrary to a healthy community. All reports are handled with discretion in consultation with those involved.

- Harassment may be reported verbally or in writing to:
 - Teachers
 - Educational assistants
 - Administrators
- The report will be investigated by the administration and counsellors. A course of action will be determined by those involved. Ideally, the situation will be mediated by counsellors or administration. If mediation is not successful, further disciplinary measures may be taken ranging from detention to suspension or expulsion.

It is our goal to create and nurture a safe environment at NCS. We expect students and staff to treat everyone with respect and dignity.

SECTION VI: GENERAL SCHOOL INFORMATION

Curriculum

NCS offers a full range of programs, offering an education that satisfies and goes beyond the requirements of the BC Ministry of Education. As a funded, fully accredited Group 1 Independent school, we are regularly inspected by external evaluation committees appointed by the Ministry of Education, and have always satisfied their requirements in such inspections.

While we teach the range of subjects required in the Ministry of Education guidelines, all courses are taught from the perspective of a Biblical worldview. All of our teachers are professionally qualified and certified through the ministry of Education, and all teach as committed Christians.

Communication

Student/Parent/Teacher Conferences

Throughout the year scheduled Parent-Teacher Interviews are held to formally discuss the progress of each student. You will find these dates on the school calendar. If at any time you wish to discuss the progress of your child, call the school or drop by to talk it over with your child's teachers.

Student/Parent/Teacher Communication

Open honest communication is one of the most important facets of any Christian community. Parents are encouraged to keep communication lines open between home and school. Communication should be frequent, focused and constructive.

Email is an effective way to communicate between the home and school and is the preferred method of teachers.

If you wish to meet with a teacher, please arrange a time with them that does not conflict with their teaching schedule.

Email Communication

Be brief, if it needs to be longer than 2 paragraphs it should be a conversation, not an email.

Be aware of your tone - choose words that reflect your meaning, not your emotion.

Resolving conflict, whether real or perceived, through email is not acceptable.

Field Trips

There are three basic types of field trips that require different types of supervision standards. The three types of trips include: trips within walking distance of the school, day trips that require the use of transportation, and overnight field trips.

There are three basic types of field trips that require different types of supervision standards. The three types of trips include: trips within walking distance of the school, day trips that require the use of transportation, and overnight field trips.

Local Field Trips

For those trips that are within walking distance or within the greater Nanaimo area, the teacher in charge will ensure that there is adequate supervision along the following ratios.

- For grades 9 to 12 there will be 1 adult per class.

Vancouver Island Field Trips

For trips outside of the greater Nanaimo area, but still on Vancouver Island, the teacher in charge will ensure that there is adequate supervision along the following ratios:

- For grades 9 to 12 there will be 1 adult per class.

Field Trips off of Vancouver Island

For trips off of Vancouver Island, but still in Canada, the teacher in charge will ensure that there is adequate supervision along the following ratios:

- For grades 9 to 12 there will be 1 adult per 15 students if in BC
- For grades 9 to 12 there will be 1 adult per 15 students if outside of BC, but still in Canada
- For grades 9 to 12 there will be 1 adult per 13 students if outside of Canada

Overnight field trips

- For those grades that may go on overnight field trips, the teacher in charge will ensure that there is male and female supervision in addition to the ratio requirements set out above.

Bussing

Currently NCS is offering a school bus service from the northern area of the regional district of Nanaimo, North Nanaimo, Parksville/Qualicum and South Nanaimo, Ladysmith route. The bus is supervised and administered by the board through the transportation committee, an approved bus policy, and administration. Please contact the office if you are interested in making use of the service.

With the bussing of students Nanaimo Christian School will take the following measures to ensure the safety of the students.

- 1) The driver is equipped with a cell phone in good working order at all times.
- 2) The driver will be supplied with a student list with home and emergency numbers for every student, and with the B.C. medical number and any pertinent medical information on each student.
- 3) Students will only be let off at the school campus, their regular home stop, or at another regular stop if previous arrangements have been made.

In the event of a mechanical breakdown or unexpected schedule changes (road detour, traffic concerns, etc.) the driver will initiate a phone fan-out list in order to communicate new arrangements (rearrangements). The NCS school office will be the communication center for such concerns.

Student Illness

In most situations the school prefers students come to school and if they become ill at school, the parent/guardian will be notified. However, here are a few guidelines to help in deciding when to keep your child home from school.

Symptom	Student must be at home?
Diarrhea Frequent, loose or watery stools compared to child's normal pattern: not caused by diet or medication	Yes -If your child looks or acts ill: if the child has diarrhea with a fever and/or vomiting. Make sure your sick child stays well hydrated. Student can return when

	he/she has not had diarrhea during the last 24 hours.
Fever Fever is the body's way of destroying the germs making it sick, and it's a common symptom of infections.	Yes - When fever > 101 is accompanied by other symptoms of illness, such as rash, sore throat, vomiting, headache, muscle aches, loss of appetite, etc. Student can return when fever has been gone for 24 hours without medication and the child's appetite and energy level returned to normal.
Flu The flu can be serious. Symptoms of the flu typically come on suddenly and can include: fever, chills, headache, body aches, sore throat, nausea, vomiting, dry cough	Yes - If your child has a fever > 101 or will be unable to participate in class. Student can return when fever has been gone for 24 hours without medication and energy level has returned to normal.
Coughing Severe, uncontrolled coughing or wheezing, rapid or difficulty breathing Note: Children with asthma may be cared for in school with a written health care plan and authorization for medication/treatment	Yes - Medical attention is necessary
Mild Respiratory or Cold Symptoms Stuffy nose with clear drainage, sneezing, mild cough	No - Child may attend school if able to participate in class.
Rash	No - Body rash without fever or other symptoms usually does not require student to remain at home Yes - Seek medical advice for rash with fever, open and weeping wounds, or quickly spreading rash
Vomiting Vomiting is another way for the body to rid itself of the germs making it sick and is usually caused by a stomach virus or infection.	Yes - Keep students home if they have vomited 2 or more times in the last 24 hours. Student can return when he/she has not had vomiting during the last 24 hours
Pinkeye (conjunctivitis) Symptoms of pinkeye include eye redness, itchiness, discharge that forms a crust during the night that may prevent your eye or eyes from opening in the morning	Yes - If given antibiotics, please keep at home until he/she has taken the antibiotics for at least 24 hours. If your health provider decides not to treat your child, a note is needed.

Lice

As with many schools, occasionally our students find themselves in the middle of a lice infestation. Though head lice are a nuisance, they are not dangerous and have not been shown to spread disease. If you detect head lice on your child, we ask that you notify the school immediately and treat as soon as possible. Students diagnosed with live head lice at school will not be sent home; they can go home at the end of the day, be treated, and return to class after appropriate treatment has begun. Students with live lice may be asked to tie their hair back in a ponytail until the end of the day to help prevent spreading.

Unfortunately, lice are becoming more difficult to treat and the only proven, safe, effective treatment is regular and vigilant wet combing. After lice detection, to prevent further spreading, hair should be checked every 2-3 days for the following two weeks. As a preventative measure and early detection process, we encourage wet combing once

a week throughout the year. More information on wet combing is available from the school office or at <http://www.lice911.com/wet-combing-instructions.html>.

Allergies

There are several students attending NCS who have various allergies, ranging from minor irritations to life threatening responses if they come in contact.

Scents and perfumes

Strong perfumes and body sprays should be avoided

Nuts

NCS is a Nut Safe school which means that no food containing any type of nuts or peanuts may be sent to school.

Specific classes will be notified if any students have additional severe nut allergies that will require they not be brought to school.

Emergency Protocols

Students will be trained each year for specific emergencies: fire, earthquake and lockdown.

Emergency response plans are in place. These and other emergencies will be reviewed annually.

Snow Days

Due to the large geographical area that NCS students travel to get to and from school, school closures due to snow will be based on the following considerations:

- The decision of SD 68 to close their school
- The decision of VIU to close (their catchment area most closely reflects that of NCS)

The decision to close will be made by the Principal, in consultation with the Transportation Manager, will be communicated to the school community through the school website, Facebook page, and on The Wave 102.3 FM.

Bus transportation will not be provided on the North bus route when SD 69 (Parkville-Qualicum) schools are closed. The Transportation Manager will consult with the bus drivers to determine the safety of the routes in winter weather conditions.

School Athletics

The actions of a student-athlete are a reflection of themselves, their team, their school, and their community. A student's involvement in school sports provides opportunities and experiences that are important to the development of a well rounded student. However, student athletes must remember that their participation in school sport is a privilege, not a right.

- All students participating in school athletics, and their parents, will be required to complete player/parent contracts outlining their commitment to and understanding of the expectations.
- Students need to be committed. If they do not show up for practices, they may not be allowed to participate in the activities/games.
- All students are responsible for their actions as representatives of the school and image bearers of God.
- Students must be in good academic standing and may be requested by their teachers to miss practices and games if their schoolwork is not up to date.
- Athletic fees may be required per sport and may be required to be paid before being able to participate

- Following BC School sports recommendations, our junior teams will focus on fair play and fundamental skill development with our senior level sports teams being more competitive in nature.

Physical Education

Proper gym strip is needed by all students in all grades. This includes clean runners shoes for use in the gym, and appropriate outdoor attire for the field. Please be sure to personally identify such clothing. Valuables such as headphones, electronics, necklaces, rings, watches, etc. are not to be worn in PE. Such articles are often misplaced and students are advised not to take these items to the gym.

Student Visitors

In special circumstances, if you want a friend to visit you at school, you must request this from the administration and the homeroom teacher at least 2 days prior to the visit. NOTE: Students having time off from other schools does not constitute special circumstances. Public School District professional development days are not grounds for student visits.

School Fees

Included in tuition is a fee for student activities which covers a portion of the beginning of the year out-trips and class field trips. Generally, any event or activity that all students in a particular class are required to be a part of (ie. a Biology 11 field trip) will have the costs paid through their activity fees.

Extracurricular events or student chosen courses that are not a required course may have additional fees associated with them. This includes, but is not limited to:

- Sports teams
- Outdoor Education
- France Trip
- Missions Trip
- Ski Trip
- Band Trip (overnight)

Lockers

Lockers will be assigned to the student at the beginning of the school year. Each student is expected to keep his/her space in a neat and clean condition. Nothing is allowed to be attached to the outside of the locker. Periodic inspections are held. **Students are strongly advised to keep their lockers locked at all times.**

Chapels and Assemblies

Chapels/Assemblies are held once a week. For high school this time is on Tuesdays from 8:30 - 9:30.

Assemblies will be scheduled throughout the year for the whole school and parents are always invited to attend.

SECTION VII: APPROACH TO DISCIPLINE

Philosophy

Because we believe that each student is made in the image of God and made for a relationship with God, discipline at Nanaimo Christian School is viewed within the context of discipleship. Hebrews 12:10-11 states, "Our fathers disciplined us for a little while as they thought best; but God disciplines us for our good, that we may share in his holiness. No discipline seems pleasant at the time, but painful. Later on, however, it produces a harvest of righteousness and peace for those who have been trained by it."

All discipline has the goal of helping students grow in their walk with Jesus or to guide them towards a saving knowledge of Jesus Christ. Because each child has been created to uniquely reflect the image of God, discipline and discipleship must be done on an individual level and will often look different from child to child.

Core Beliefs about Staff/Student Relationships

The following list articulates the foundational beliefs that guide staff/student relationships and interactions and inform the discipline process when problems arise.

All students and teachers are created by God, in His image. We are His creation, yet we are sinful by nature and redeemed and transformed by His grace. In this context, we believe that:

1. Every attempt should be made to nurture the dignity of both the student and the adult as a unique bearer of God's image.
2. Misbehavior should be viewed as an opportunity for individual discipleship, problem-solving, and development of life skills as opposed to a personal attack on the school or staff.
3. Students should be given the opportunity to make decisions and live with the results, whether the consequences are good or bad.
4. Students should be guided and expected to solve their problems and the ones they create without making problems for anyone else.
5. Misbehavior should be handled with natural consequences instead of punishments whenever possible.
6. Students should have the opportunity to be heard (at an appropriate time) when consequences are necessary.

School Guidelines

Rather than spell out a list of mandates for every area of school life, we ask students to demonstrate respect for God, their neighbor, and themselves (Matthew 22:37-40). When we (students and staff) fail to do this, we hold each other accountable for solving the problem.

Treat others with respect. Because each person is created in the image of God and is loved and valued by their Creator, students must treat each other with dignity and respect.

1. Your actions, dress, possessions, etc., may not cause a problem for yourself or anyone else.
2. If your actions, dress, or possessions cause a problem, you will be asked to solve that problem.
3. If you cannot solve the problem, or choose not to, staff members will impose upon you an appropriate consequence. This consequence will depend upon the situation and the person or persons involved. Staff members will use their best judgment based upon the information they have at the time.
4. If students and/or parents feel that the consequences are unfair, they should request a hearing.

Classroom Guidelines

Teachers frequently develop additional classroom guidelines and/or procedures related to their own classroom. Students are to comply with the individual rules and expectations specific to each classroom and are asked to respect the school property, building, and each other.

SECTION VIII: ATTENDANCE GUIDELINES

Absences

Research shows that regular attendance and school success go 'hand in hand' and that excessive absenteeism is directly related to students dropping out of school. Our objective is to help students achieve success throughout their high school years by encouraging regular school attendance. Not all classroom work can be made up.

Explanations, clarifications, discussions, opportunities for feedback, and group learning activities are invaluable components of an effective learning environment.

An absence is an absence, regardless of the reason. Each absence results in a lost learning opportunity in the classroom, which may not be regained.

Communication between parents, students, and teachers is critical when a student is absent from class. Students are ultimately responsible for this direct communication and for any work they miss during an absence.

Parents/Guardians are requested to call the school or provide a written explanation to the school office if a student(s) is going to be absent from class(es).

Excused Absences

- May include illness, bereavement, or special circumstances
- Students will be allowed to make up their work for excused absences.

Unexcused Absences

- Unexcused absences are absences where the office was not contacted by parents or absences were for reasons not specified as excused.
- Students will be required to make up the work missed within a reasonable time frame provided by the teacher.
- If there is a question as to whether an absence is to be excused or not, the principal will decide.

Extended Absences

Each year we are approached by parents or guardians who wish to take their child out of school for an extended period of time (3 school days or more). Usually this is for reasons associated with family travel or family business. If a child misses school for an extended period of time, he or she will be behind in classroom work and will be expected to complete any missed work within a reasonable time frame provided by the teacher.

Teachers are not expected or required to provide the work in advance, rather, the student is expected to get caught up when they return.

Tardiness

Punctuality is an important expectation of student behavior. Punctual students show respect for the learning of others by not disrupting a class in session, and punctual students hear important instruction that is usually given at the start of class.

NCS will attempt to provide a balance between clear consequences for numerous unexcused lates with a “second chance” so that punctuality becomes habit for students, recognizing that sometimes being late is unavoidable. A medical (or other professional) appointment is considered an excused late.

Students who are late for any reason must check in at the office for a late slip. Students with subsequent unexcused lates will be referred to the Assistant Principal for follow-up.

SECTION IX: COMMUNITY STANDARDS POLICY

At Nanaimo Christian School, we are defined by our commitment to Christ-centred education, as described in our Purposes, Foundational Statement of Faith, and Mission. Our community consists of parents and other family members committed to educating our children in accordance with Christian belief and practice, and the administrators, educators and staff who partner with them to carry out that mission. Our Christian beliefs and practice are integrated, so the ways in which we interact with one another and conduct ourselves (whether in

public or in private) are a vital part of our mandate and identity. Having freely chosen to belong to this community, we joyfully affirm the standards that mark us as distinctly Christian.

Our standards of conduct are organized around the general themes of loving God, loving one another, and loving ourselves. These are derived from Jesus' response when asked to name the most important command in the Law (Matthew 22:37-39). We affirm, through our actions, Christ's commands to love God with all of our heart and soul and mind and love our neighbour as ourselves are the ultimate standard for conduct in Nanaimo Christian School, and the source from which more specific guidelines (ie. policies or handbooks) are drawn.

Because our conduct is integral to our mission, all of our employees (including administrators, educators, and staff) and our volunteer leaders (including board and committee members) agree to be held accountable to our community standards. All of our volunteer leaders commit to these standards, and they are incorporated into the employment contract for our employees. Where the conduct of an employee or volunteer leader may have fallen short of these standards, we will engage in conversation with that person in a spirit of seeking restoration, mutual understanding, and reaffirmation of commitment to our community and its standards.

Loving God

Christian faith: We promote Christian beliefs, principles, conduct and practice. We respect other religions and traditions but profess and teach the Christian faith as truth, as outlined in scripture and defined in the NCS Statement of Faith.

Communal worship: Gathering together for worship is integral to our Christian life. We worship together in chapels and assemblies, and we participate as active members in our local Christian church communities.

Spiritual formation: Our members invest in their individual spiritual formation through the practice of Christian disciplines. These disciplines may include study of Scripture and Christian writings, prayer, solitude, rest, service, and giving, recognizing the authority of Jesus Christ as revealed in the scriptures and in Christian community.

Loving our neighbour

Civility. We value dialogue, civil discourse, and edifying language appropriate to a community of care and respect. When disagreements and conflict occur, we speak with one another directly to resolve our concerns. Where matters cannot be resolved in this manner, the persons involved ask another appropriate member of the community to help resolve the conflict. We avoid gossip, slander, obscenity, foolish talk and coarse joking, whether in face-to-face conversations or on social media.

Respect for others. We believe that every person, whether they are part of our community or a neighbour outside of it, is uniquely created to reflect the image of God and as such is worthy of the highest respect and dignity. This is true whatever the person's characteristics including race, culture, religion, sex, sexual orientation, gender identity, or age. Words or behaviour that diminish, harass or abuse any person have no place in our community.

Sexuality. Our sexuality is a gift from God to be valued and treated with care. We exercise discipline in our sexual expression out of respect for ourselves and for one another, as modelled by and in response to a loving and relational God. We reserve expressions of sexual intimacy for within heterosexual marriage. We do not engage in sexual harassment, sexually exploitative behavior, or viewing pornography.

Stewardship. We view all of creation, including our facilities and material goods, as gifts entrusted to our care. We make every effort to care for and protect creation. We care for our property and respect the property of others. We approach material resources with gratitude and generosity.

Loving ourselves

Identity. Our identity is found in relationship with Christ and in bearing the image of God. Therefore, each of us is worthy of a respect for self which humbly acknowledges our gifts and accomplishments, and graciously accepts and forgives our weaknesses and failures.

Self-care. We treat our own bodies with care and reverence. We recognize healthy food, exercise, self-care, and rest as ways to take care of our bodies. We avoid overuse of alcohol, abuse of legal drugs, and any use of illegal drugs.

Self-development. We actively pursue learning, discovery, and self-development that addresses our emotional, spiritual, mental and physical dimensions.

SECTION X: ADDITIONAL STUDENT SUPPORTS

Not every child at NCS will need to access these services, however we wanted to ensure parents are aware of the following:

School Counselling

Counselling services are available for students who are struggling with social or emotional issues that are impacting their educational progress or school experience. Counselling support aims to provide a trusting, understanding environment where students can discuss personal issues, explore and examine their own feelings, faith commitment, beliefs, and behaviour. Through counselling, students will be able to develop, understand and practice effective communication, problem-solving, and decision-making skills. Counselling services are provided by trained Christian counsellors hired by the school.

NCS Counsellors will meet with students to determine the type of support that will be best for the individual student. Students with long-term, ongoing needs will be directed to seek external community support. Some students may require a long period of direct support at school, which will include a School Based Team consisting of the counsellor, classroom teachers, educational assistants, and/or administration. Some students may require a longer period of monitoring by an NCS counsellor, but not regular intervention.

Guidelines and Procedures:

1. NCS school-based counsellors are NOT in place to address long-term mental health challenges.
2. Any staff can refer a student for counselling services using the referral form on Google drive
3. A parent can request a referral through their child's homeroom teacher or through a member of the Administrative team
4. Information received through the counselling relationship is confidential with the following exceptions:
 - a. CONSENT: With the consent of the student, the teacher-counsellor may divulge information received through the counselling relationship with the agreed upon person(s).
 - b. POTENTIAL HARM: If behavior of the student threatens potential harm to him/herself or another person, the teacher-counsellor shall take appropriate action to protect the student and/or the other person.

- i. School Administration will be notified and the appropriate response protocol will be followed (ie. Suicide, Threat Assessment, etc.)
 - c. CHILD PROTECTION: A teacher-counsellor who has reason to believe that a child is or might be in need of protection shall forthwith report the information to the appropriate authorities in accordance with legal obligations pursuant to child protection legislation.
5. Students under the age 12 are required to have parental consent for counselling services. In a crisis situation, safety trumps the requirement for consent, and parents will be informed as per the school response procedures.
6. Students over the age of 12 do not need parental consent for counselling services.

Consultants/Specialists/Tutors

Our school values the benefit of specialists and extra tutors that can greatly assist students in their learning. These supportive roles are defined as:

- Consultant/Specialist - provide a service as outlined in an IEP or SLP
- School Based Tutor - a tutor assigned or directed by the school, but contracted by the family
- Private tutors - a tutor contracted by the family

Because our school facilities are at capacity and typically there is rarely a space that is not being used, consultants, specialists, and school based tutors are allowed on campus, as space allows. Private tutoring will not be allowed on campus and parents will need to arrange for alternate locations.
