Student Bursaries

Did you know

Thanks to generous donors like you, Christian education has been made possible for more than 100 students each year through bursaries provided for families at Nanaimo Christian School.

We are praying

... that our strong financial aid program would continue to grow. With your help we hope to make Christian education possible for more students who wouldn't otherwise be able to attend NCS.

One NCS family's story

"My kids have been at NCS for 9+ years. I am a single mom and my kids and I became a single mom family through some trauma. I couldn't afford to send them to the Christian school, but I also couldn't fathom sending them anywhere else after what we'd been through. I knew they needed Jesus' love and healing on a daily basis to not only function, but to eventually learn and thrive.

"We were offered a bursary. It was a huge sense of relief that I could send my kids to the Christian school where the foundational beliefs were biblically based and the love and prayers of the teachers and staff would wrap around my kids in their most influential years.

"Honestly, the staff have 'co-parented' my kids with me to help them be the incredible humans they are becoming. It freed me to work to support my family as a single mom without worrying about them quite as much had they been elsewhere. They all got to stay together (K-12) so could feel comfortable in that way as well.

"Each year we've worked towards needing less bursary, and I've enjoyed contributing as many volunteer hours in the school as I could, not because I had to, but because I love it!

"Thank you for giving me hope, peace of mind, God's love, renewed trust and thriving kids who get to break statistics."

Will you pray about it and consider giving toward our student bursaries?
